

OLEANDER
US\$599,000.

4 Bedrooms
Swimming Pool
View Property

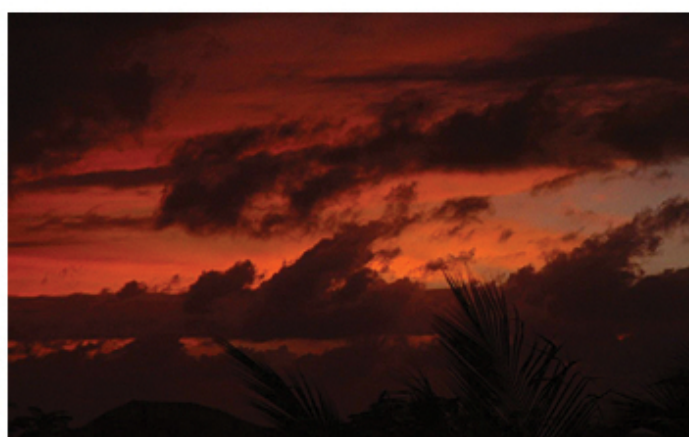

Located in Buckleys, Antigua • Hillside View Property

Oleander is the perfect retirement home or an escape from the cold northern hemisphere winter months. This Buckleys location is without fault - 15 minutes from downtown St. John's shopping, 20 minutes to VC Bird International Airport. Also, the property is sited atop and at the extreme point of a peninsula of land offering unobstructed views of St. John's harbour (twinkling night lights), grazing pastures, and tropical wooded valleys. A most peaceful environment cooled by tropical breezes.

The home has been carefully designed and crafted over two floors. The main floor contains a very spacious lounge/living room, dining area, modern kitchen, and three bedrooms. The master bedroom has gracious en suite plumbing and ample wardrobe storage. This floor plan is accented with a roof-covered and tiled deck encompassing the entire view exposure, and with a stairway leading to the sparkling swimming pool. Located alongside the swimming pool is a garden gazebo entrained by bougainvillea, vines and tropical vegetation. The lower level of the home contains a one bedroom self-contained suite complete with modern kitchen, bathroom and laundry. Lie back, relax and enjoy this fully-landscaped and fenced 1/3 of an acre in total privacy.
